Letti imbottiti con testiere regolabili per comode posizioni di relax abbinata a molteplici configurazioni di giroletto e innovativi sistemi contenitore.

Upholstered beds with adjustable headboards to create comfortable relaxation positions combined with countless bed frame configurations and innovative storage systems.

Caratteristica del sistema è il rivestimento del cuscino che sul lato posteriore presenta cucita una tasca in tessuto ideata per contenere un contrappeso in metallo facilmente removibile per la sfoderabilità.

Questa soluzione permette di movimentare, con semplicità, i morbidi cuscini con sostegno in multistrato per le posizioni relax tenendoli comunque ben saldi alla testiera. Quest'ultima è realizzata con accorgimenti tecnici che consentono di posizionare il letto alla parete senza interferire sulle movimentazioni dei cuscini stessi.

These beds feature cushion upholstery with a fabric pocket stitched on the back of the bed, ideal for holding a metal counterweight that can easily be removed.

This mechanism means that the soft cushions with a plywood support can be moved with ease into a relaxing position, while remaining firmly attached to the headboard. The headboard has been cleverly designed to ensure that the bed can be positioned against the wall, without interfering with the movement of the cushions.
